DINO LFG

THE STORY OF DINO LFG

Once upon a time a little dog was living on the streets which got adopted by a renowned wealthy businessman. It got famous strong and rich so much so that it started dreaming of ruling the world. But hadn't he the slightest clue that the true rulers of the land are coming to take their throne back. Dinos are coming for the dogs. No inu or doge plays just the kings of the land back to take the earth by storm

DINO LFG

THE STORY OF DINO LFG

The Dinos are back with a new mission not just to take their throne back but to give their community the power of real world utility and acceptance. With a new purpose the dinosaurs were able to spread the word about the best crypto meme ever created **Dino** a meme with real world usage and acceptability.

Dino is on a mission to create a fairer and better world for everyone where they have real usecases of the tokens they own. Now that you've heard them roar come and join the **Dino** family.

INTRODUCTION DINO IS HERE

DINO is a community driven and 100% fairly launched defi based meme token that believes in fair distribution decentralization and the real life utility. In this vision it recently conducted a fair launch on UniSwap without offering the tokens to any VCs or whales or conducting any private sales or public sales.

The fair launch has been phenomenal as it brought the project substantial growth whereby in less than two months its community raised from 10 members to 4000 members proud to be standing with the **DINO** flag in their hand and chanting as **DINO** Army.

DINO LFG

INTRODUCTION DINO IS HERE

Not only this the token's market cap exceeded 15 million dollars and the project has received appraisals from top influencers news sites and YouTubers. Furthermore in its vision of offering real life utility to its token holders Dino has already established strategic partnerships with key industry players and marketplaces including Shopping.io and Volt which enable its users to use the token as a payment method on stores such as Amazon eBay Walmart etc.

DINO LFG stands out through its decentralization agile marketing fair distribution and utility. It is creating a global payment network for its holders ensuring that the users have no restrictions when it comes to shopping via **DINO** while also incentivizing the shopping transactions by giving 5% back to all in Dino tokens.

DINO LFG

PRESENTING YOU DINO THE NEXT GENERATION MEME COIN WITH REAL
WORLD UTILITY

Meme coins such as Doge Shib and Floki etc. have recorded substantial growth in recent times. However all such coins have a core issue when it comes to their fundamentals as they do not have any underlying value and derive their value only from speculation. Running on the Ethereum blockchain network **DINO** is all set to outpace others in the meme coin race as it offers significant utility to its holders allowing them to shop on major e commerce stores globally and also be used as a payment for services on partner sites.

DINO LFG

The Mission

To create a better meme coin with real world acceptability and utility.

WHY CHOOSE DINO LFG?

Taking the lead on meme projects **DINO** is the first mover in the defi space that strives to offer real world utility. Its acceptability as a payment option across multiple ecommerce platforms decentralization tokenomics solid fundamentals a committed team a fair distribution mechanism agile marketing strong partnerships and most importantly the dedicated community make it stand out among the conventional meme coins that still rely on outdated blockchain infrastructures and have no real use case except speculation. In the **DINO** ecosystem holding is incentivized through staking whereas spending is also rewarded.

DINO LFG

Some of the standout features include :

- Real world acceptability across leading platforms such as Walmart eBay and Amazon.com via Shopping.io NowPayments.io and VoltIno
- Serve as a payment method for freelance services through integration with Hyve.works.
- Complete Decentralization as 95% percent of the supply is fair launched whereas 5% tokens are reserved for marketing
- The platform features a native swapping protocol i.e. **DINO**verter which allows users to convert **ETH** to **DINO** with no slippage and minimal gas. It provides liquidity and gives 5% back on every purchase made through the **DINO**verter incentivizing user participation.
- Users can stake their **DINOS** and receive periodic rewards.

DINO LFG

DINO—THE TOKEN

DINO deployed as an **ERC 20** token on the **Ethereum** blockchain network is the native token of the **DINO LFG** ecosystem. It allows users to enter the **DINO** ecosystem serving as a token that rewards its holders for staking and shopping by redistribution of tokens deducted upon every transaction across associated merchants such as shopping.io. It further enables its users to stake their tokens participate in liquidity pools and receive rewards scheduled as part of the roadmap.

DINO has a total supply of **333 333 333** of which **95%** is reserved for the market and **5%** is allocated for marketing and promotion. The token is already listed on **UniSwap Dex** the leading decentralized exchange and also on **BitMart** a top 10 cryptocurrency exchange.

DINO LFG

DINO—THE TOKEN

It has recorded significant growth since its launch less than two months ago as of the writing of this white paper. The current market cap exceeds **USD 5 Million** details of which are available on **Ether Scan** **CoinMarketCap** **DexTools.io** and **CoinGecko**.

Of the available supply with every transaction through integrated partners such as **shopping.io** **paymentsnow** or **Hyve.wors** a certain percentage of the transaction is allocated for burning reducing the total supply. While the project was a **100%** fair launch with no allocation reserved for the team developments or advisors the team continues to purchase **DINO** tokens from the market to burn them.
